

## Partner Merchants

**Lenny Goldfarb** has partnered with Home Repair Resource Center since 1998. His **Cedar Center Hardware** honors HRRC's discount card for reduced prices on tools and materials for home repairs. (The cards are provided to participants in HRRC's Project Repair program and to donors to HRRC of \$50 or more.)

Cedar Center Hardware has been open for eighteen years at several sites near the intersection of Warrensville Center Road and Cedar. The store is currently located at 1970 Warrensville Center Road, a few blocks from Cedar Center North. They continue to provide a variety of services homeowners frequently need, including screen & window repair, key cutting and lock re-keying, window shade cutting, pipe cutting and threading, glass and Plexiglass cutting, lamp repair, knife sharpening, rental of carpet cleaning machines, and propane exchange.

Just as important, however, Lenny and his staff like to teach people how to tackle home repairs and improvements. Perhaps it was that "mission" that inspired Lenny to become a volunteer instructor for HRRC, teaching Project Repair participants how to glaze windows at one of our workshops this summer.

In addition to Cedar Center Hardware, HRRC's partner merchants include **Bremec on the Heights Garden Center, Dunn Hardware & Home Repair, Heights Hardware, Sherwin Williams Co., South Euclid Hardware, and the Tile Shop.** Their support of HRRC – and the homeowners of our community – is an essential tool for keeping our housing in good repair.
